# Why Diversity in Cybersecurity Matters and how SentinelOne is Bridging that Gap

Christina Parra
Enterprise Account Executive
Pacific Northwest

The Numbers

24% of cybersecurity workers identify as Women – 51%

9% of cybersecurity workers identify as Black – 14%

4% of cybersecurity workers identify as Hispanic – 19%

37% vs 84%

Over 700,000 Cybersecurity Job Openings in the US Today

SentinelOne™

Why Does it Matter

Diverse Teams Avoid More Errors

Bringing Different Perspectives

Diverse Companies Have Less Turnover

Closing the Employment Gap

SentinelOne™

What are the Gaps

The Pipeline Problem

Cultural Biases and Systemic Racism in Society

Less Diverse Interview Panels

How Do We Help

Be An Ally

Educate

Mentorship

Meet Recruits Where They Are

SentinelOne™

SentinelOne Taking Action
